TUA is an experimental protocol based on TRON development, totaling 30000.

It has no value in itself. It adopts a fair distribution mechanism to encourage the main community members to actively master the governance.

TUA is allocated in accordance with the spirit of yfi community. All TUA tokens belong to the community. There is no pre mining, no founder shares, no venture capital and no additional issuance.

All TUA are acquired through mining to attract a wide range of people and communities with a shared vision to manage the future of protocols and tokens.

The contract code is completely open source in Tron, and has passed the official verification of Tron, and has passed the security audit of Chengdu Lianan Technology Co., Ltd.

规则

此项目处于测试阶段，使用者风险自负

TUA 是基于波场开发的一项实验性协议，总计 30000 枚。

本身没有价值，它采用了一种公平的分配机制来激励主要社区成员积极掌握治理。

TUA 本着 YFI 的社区精神进行分配，所有 TUA 令牌属于社区，没有预先开采，没有创始人股份，没有风投利益，不能增发。

所有 TUA 通过挖矿获得，以吸引广泛且愿景一致的人和社区来管理协议和令牌的未来。

合约代码完全在波场开源且已经通过波场官方验证，并且已经通过链安公司安全审计通过。
